

Multi Purpose

Light Duty

## Up to 2X more durable than premium nitrile general purpose gloves

- A new standard for glove life in light duty applications
- Ansell FORTIX™ Abrasion Resistance Technology
  - Provides longer continuous wear times in abrasive environments
  - 20% more breathable vs standard safety gloves for cooler, drier hands
- Form-fitting liner offers a secure and comfortable fit to optimize worker performance

### Industries

- Automotive
- Machinery and Equipment
- Metal fabrication

### Applications

- Assembly & inspection of components
- Chassis assembly, body trimming
- Picking, fastening components
- Adjusting parts, systems
- Assembling and mounting components
- Adjusting systems and screwing
- Assembly and disassembly of equipment

### Key Features

- The nitrile patent pending foam coating is 20% more breathable than earlier formulations - for cooler, drier hands and less sweat
- Snug, second-skin tailoring tightens the fit across the palm for added comfort and tactility improving dexterity when moving between tasks
- Ergonomic fit Optimized knitting at the base of the pinky finger, across the finger tips and through the palm matches natural hand contours
- Silicone-free. No transfer of silicone contaminants to metal parts prior to painting
- Also available in vend pack

### Technologies

### Performance Standards & Regulatory Compliance

REACH Compliant
