

MAXIMUM

Maximum Attenuation. Comfortable fit.

The world's most popular polyurethane foam earplug, Honeywell Maximum offers superior attenuation in a single-use earplug, delivering superior long-wearing comfort and solid performance that your workers can depend on.

MXM-1/ NRR 33 (SHOWN)

FEATURES:

- Bell flared shape provides superior attenuation.
- The worlds most used polyurethane earplug.
- Improves design which is easier to insert and reduces the tendency to back out of the ear.
- Smooth, solid resistant skin prevents dirt build up.
- Corded and uncorded versions available with various dispensing options.

APPLICATIONS:

Any noise environment 105dB to less than 110dB.

HYGIENE:

To maintain hygiene standards, Single-Use earplugs should be discarded at the end of every shift.

CARE & MAINTENANCE:

Inspect prior to fitting, examine your earplugs for dirt, damage or extreme hardness—discard immediately if compromised.
